

EMRCO
EMERALD EDGE COMPANY

HEAVY EQUIPMENTS & AUTO SPARE PARTS

SHAPING GROWTH
CREATING VALUES

ABOUT EMRCO

EMRCO Group (Emerald Edge Company) is a diversified Saudi enterprise built on a foundation of innovation, reliability, and excellence.

The Group was established with a clear vision to serve multiple industries that are vital to the Kingdom's growth – spanning heavy equipment & automotive spare parts, construction materials, health & wellness, equipment rental, and fabrication services.

At EMRCO, we believe in shaping opportunities that create sustainable value. Through our integrated business divisions, we aim to contribute to the Kingdom's economic vision while delivering trusted solutions that meet the evolving needs of our customers and partners.

Vision

To be a leading multi-sector group in Saudi Arabia recognized for its integrity, quality, and commitment to progress across diverse industries.

Mission

To build a strong, diversified portfolio of businesses that drive growth through innovation, operational excellence, and customer satisfaction.

BUSINESS DIVISION

EMRCO Heavy Equipments & Auto Spare Parts

Dedicated to supplying high-quality components that support the Kingdom's industrial, construction, and automotive sectors.

EMRCO Construction Materials

Supplying construction materials that meet international standards, supporting sustainable infrastructure and industrial growth.

EMRCO Health & Wellness

Dedicated to improving quality of life through holistic physical health and wellness services designed for modern lifestyles.

EMRCO Equipment Rental

Offering a wide range of reliable machinery and equipment to support construction, logistics, and industrial operations.

EMRCO Fabrication Works

Delivering custom metal fabrication solutions for commercial, industrial, and infrastructure projects with precision engineering.

ABOUT EMRSCO HEAVY EQUIPMENTS & AUTO SPARE PARTS

The Heavy Equipment & Auto Spare Parts Division of EMRSCO Group stands as one of the core pillars of the company's diversified operations. With a strong presence in the Kingdom of Saudi Arabia, the division specializes in delivering high-quality heavy machinery components and reliable automotive spare parts to meet the growing demands of the industrial, construction, and transportation sectors.

Built on EMRSCO's commitment to quality, integrity, and operational excellence, this division provides a comprehensive range of products that support optimal performance, durability, and safety across multiple vehicle and equipment categories. From heavy-duty machinery parts and hydraulic systems to precision-engineered automotive components, every product is sourced from trusted manufacturers and tested for adherence to global standards.

Our division plays an essential role in keeping industries moving – enabling contractors, fleet operators, workshops, and distributors to access the parts they need with confidence, efficiency, and consistent reliability.

Our Commitment

At EMRSCO, our commitment is grounded in delivering uncompromised quality, reliability, and value across every product and service we provide.

We strive to support the Kingdom's industrial and automotive sectors by ensuring trusted supply chains, premium-grade components, and responsive customer service.
